

Why Does a Business Need a Governance Solution for Their Health & Welfare Benefit Plan?

Get Organized

Gather all your health plan documents and FIAB will organize them for you. Know exactly where things are when you need them.

Identify Opportunity

Uncover efficiencies and hidden waste that are common across the industry, and document your efforts to reduce costs.

Get Compliant

See exactly what is required of you and document the steps you've taken to adhere to laws and regulations.

Reduce Risk

Create a complete fiduciary file to ensure you're prepared for an audit from the DOL, HHS, IRS or any other regulatory agency.

Follow Best Practices

Learn principles and processes to demonstrate you're fulfilling your fiduciary duties at every turn.

Avoid Litigation

Optimize your health plan to provide better benefits, and document your decision making process to ensure your plan is beyond reproach.

Other Core Features

Knowledge Base

Become your company's fiduciary maestro, leveraging countless informative articles and tutorials written by industry experts.

Calendar & Notifications

Keep your team on the same page through a unified team calendar with important dates, notifications, reminders, and more.

Progress Reports

Review and export overall progress in a comprehensive summary highlighting outstanding tasks, completion levels, and more.

Auditor Access

Provide read-only access to auditors for review of progress made, documents gathered, tasks completed, etc.

Strategic Awareness

Identify new strategies to evaluate, and determine if they are a good fit for your plan.

Sample Documents

Access ERISA-attorney-drafted document templates to get a head start on compliance, and reduce your legal bills.

Enjoy the support of our team of industry professionals. Never miss a new law or regulation that impacts the plan and enjoy the peace of mind that your plan has met all the necessary tasks to be and stay compliant.
